Once the child is matched with a tutor, you will be asked to fax or sign a release form authorizing us to share the child's information with the assigned volunteer tutor. This must occur before tutoring can begin.

Please note: we use volunteer tutors for this program. All have passed a Child Abuse/Neglect and Missouri Highway Patrol background check. Volunteer tutors are not permitted to transport children and/or their families. All tutoring sessions must occur in a public location. Many of our tutors are current, retired or formerly certified teachers and all tutors have completed basic tutor training through the Ozarks Literacy Council if they have no formal teaching experience.
