

Web Exchange

A web-based donation program for abused & neglected children and families receiving Child Protective Services in Greene County, MO

www.afcwebexchange.org

List your available donation today! To list an item, visit www.afcwebexchange.org and click the “Post a Donation” link. You may include up to 4 photos of your donation. It is completely free and easy!

- You may decide if you want your item to be listed for 7 or 14 days
- When new donation items are posted, all Greene County Child Protective Caseworkers will automatically receive an email notification and will be able to view the item
- If a Caseworker needs your items for a family on their caseload, they will contact you directly.
- If you are contacted by a Caseworker, the Caseworker will deliver the item to their client family or you may be allowed to help deliver the item if the family/child’s guardian grants consent (only if delivery guidelines are met--see Web Exchange Rules on the Web Exchange website).
- After you are contacted by a Caseworker and your item is successfully donated, you will be sent an email asking for the Caseworker’s name so we can verify the donation was received and send you a donation receipt for your records.
- If you are not contacted by a Caseworker, you will receive an email when your item is removed from the Web Exchange that provides a list of other local agencies that could benefit from your donation.

The Web Exchange ensures your donation goes directly to a local child & family in need! Caseworkers are screening family needs, so you have assurance the needs are legitimate.

Hosted by Ambassadors for Children, an Operating Agency of the Council of Churches of the Ozarks
Director: Sondra Uzzell ~ 417-862-3586 or suzzell@ccoazarks.org
